

Tabletop Mounter 7800

technical specifications

A&V Tabletop Mounter 7800

The Mounter 7800 is a compact, tabletop unit designed to mount narrow web plates from 8" to 16" wide. This easy-to-use mounter is fitted with a 12" rule and features a tape-mounting system that can be operated from the front or back; whatever is easiest for the operator.

Mount narrow web plates from 8" to 16"

The print cylinder is held in place with a locking mechanism to simplify plate mounting. A knife holder can be mounted on either side of the unit, depending on operator preference, and an optional illuminated magnifier is available.
