

# AVflex 8100

## technical specifications

### AVflex 8100 Ecowash processing system

Designed for prepress departments with limited space, AVflex 8100 offers everything you need to process solvent-wash plates up to 25" x 30". Ideal for tag and label applications, this multi-function system includes a 2-brush rotary washout unit, exposure section, oven and plate finisher.

#### 25" x 30" 2-Brush Rotary Washout

Two-brush rotary washout provides efficient plate processing. Washout operations are controlled by a SmartPanel processor. Features include automatic drum positioning with forward and reverse job for easy removal of plates.

#### 25" x 30" Exposure/Oven/Finisher

The Exposure/Oven/Finisher is equipped with digital timers, a 3-drawer purge oven with exhaust and a separate drawer for light finishing.
