A&V Offers Safer Ways to Move Heavy Loads in the Pressroom While Increasing Productivity

Bryan, OH– Ronl, leading manufacturer and supplier of [specialized material handling equipment](#), has appointed Anderson & Vreeland, Inc. to distribute its roll, drum, and custom material handling equipment designed for pressrooms throughout North America, effective immediately.

Providing a safer, healthier workplace for employees while increasing efficiency and productivity, Ronl material handling equipment includes LIFT-O-FLEX® ergonomic lifters that offer distinct advantages over stationery and manual systems, as well as

mobile systems including lift carts, mobile lifting trolleys, and hand cranked carts. Ronl lifting solutions are ideal for any application where lifting, moving, handling, and manipulation of loads take place. Load attachments can be easily changed for multiple tasks including lifting and handling paper and film rolls, barrels, drums, buckets and boxes.

“We’re excited to introduce safer ways to move heavy loads in the pressroom while increasing efficiency and productivity,” said Darin Lyon, Vice President and General Manager of A&V. “Ronl ergonomic lifters complement and expand our portfolio of best-in-class solutions for improved performance in the pressroom.”

Anderson & Vreeland will sell Ronl ergonomic lifters using a nationwide staff of technical sales representatives. For more information visit at www.AndVre.com or call toll-free 866.282.7697.

About Anderson & Vreeland, Inc.

Founded in 1961, Anderson & Vreeland has earned an international reputation as a leading supplier of flexo platemaking equipment and materials to the graphic arts industry. The company offers a “systems approach” to plate processing, with state-of-the-art equipment, materials, and software specifically designed for flexo. A&V supports these products with 50 years of experience and a nationwide staff of technical sales representatives thoroughly knowledgeable about the fine points of flexo. The company’s substantial flexo experience and technical support sets it apart from other prepress suppliers. This experience and support results in smoother and easier integration of technical advancements affecting flexo prepress. Further information is available on the web at www.AndVre.com.
