

Justin Haynes Joins Anderson & Vreeland as New Field Service & Support Technician

Justin Haynes joins Anderson & Vreeland, a leading manufacturer and distributor of flexographic plate processing equipment and materials, as AVantage/Field Service & Support Technician for North America.

FAIRFIELD, N.J. ([PRWEB](#)) June 10, 2020 -- The appointment of Justin Haynes as AVantage/Field Service & Support Technician for Anderson & Vreeland, leading manufacturer of flexographic print technologies, equipment and consumables, is announced by Randy Reynolds, General Manager of AVantage Polymers for Anderson & Vreeland Inc.

“We at Team/A&V are excited and enthusiastic about the appointment of Justin to our Field Service Team at A&V/AVantage. Justin brings with him many years of Flexographic expertise in the areas of Ink-Jet systems and software design that are imperative to a successful flexographic pre-press operation. In addition to this, Justin has established himself with a highly respected reputation in the areas of service and support after the sale. This addition is just one more example of how Anderson & Vreeland is establishing itself as the market leader when it comes to providing innovation and support to our customers!” said Reynolds.

In his new position, Haynes will offer technical service and support to A&V customers throughout North America, initially focusing on AVStar Film Printers.

Mr. Haynes is a technical specialist in both digital and flexographic prepress workflows and production with over 20 years of experience in the graphics arts industry. He has served in various positions including Digital Printing Department Manager, Printer Technician, Customer Service Representative and Systems Administrator.

Justin Haynes resides in Alpharetta, GA with his fiancée and enjoys Photography in his spare time. “I’m very excited to be working with the A&V team on innovative new solutions for our customers,” said Haynes.

Anderson & Vreeland provides flexographic printers with innovative solutions that are tailored to their specific application. We do this by identifying the most effective & advanced technologies in our portfolio, educating our customers on how these products will improve their bottom line, and seamlessly integrate these solutions into our clients business. We are a privately-held company with over 50 years experience providing unrivaled customer service to the flexographic printing industry.
